And Seafood House

Glenn's Diner was created from the desire to Re-Invent the Diner; to combine fresh seafood and diner type entrees, which is to say casual, everyday style food that is full of flavor, reminiscent of food you make at home and can be enjoyed several times a week. My background is in seafood, so there will be a strong emphasis on fresh fish and seafood every night and day... *Simple Preparations... Fresh Products... Fairly Priced.* So choose a bowl of Cereal, Ham & Cheese Omelette, Steak Sandwich or a nice piece of salmon...Well, you get the idea.
...Enjoy, Glenn...
